*"From day 1 the course was 100% more than just a SIA course. The things shown and practiced were easily 2 or 3 levels above what any other course has to offer. With highly trained ex-military instructors with years of CP experience, I couldn't have wished for a more motivated and professional training team."*

C Hill

*"Overall this is a great course and quality experience provided by professional Instructors who have had time on the ground conducting CPD. You take away from the course what you put in to it and a great deal more! Quality times."*
